2016 Gideon Rosenbluth Memorial Lecture with Pierre Fortin

On November 23, 2016, the CCPA-BC and UBC's Vancouver School of Economics were pleased to present the 2016 Gideon Rosenbluth Memorial Lecture.

Economist Pierre Fortin presented "Quebec's experiment with universal low-fee child care: what results, what alternatives?"

Audio of the lecture as well as presentation slides are available in the links provided above.
