Description

One of the important components of the AECEO's drive for professional pay and decent work in the early childhood sector is the creation of strong policy recommendations to the Ministry of Education on their Workforce Strategy - part of their five year action plan to implement the renewed early years and child care policy framework: **Ontario's Renewed Early Years and Child Care Policy Framework (2017)** ^[3]. Your feedback will help us make sure that our recommendations include what Registered Early Childhood Educators and early years staff in the sector need.

It is important to the AECEO and the Task Force that our policy recommendations are well informed by RECEs, early years staff and others in the sector.

Have your say here! **Consultation Survey** ^[4]

The survey ends on November 20th and the Task Force's recommendations will be presented to the Ministry of Education on November 30th, 2017. Our goal is to get 500 responses by November 20th. Please share the survey with your colleagues and through to your networks.

On October 23rd the Task Force held a **live webinar** ^[5] to present the Ontario Early Childhood Sector **Decent Work Charter** ^[6], ask and answer questions and provide information on the consultation process. The webinar was recorded and now available online for viewing and sharing!
