Excerpts from the Throne Speech:

"Strong families ensure a bright future for Canada. The most important investment we can make as a country is to help families raise their children.

This Government understands that no two Canadian families are exactly alike. Each has its own circumstances and needs. Parents must be able to choose the child care that is best for them. The Government will help Canadian parents, as they seek to balance work and family life, by supporting their child care choices through direct financial support.

In collaboration with the provinces and territories, employers and community non-profit organizations, it will also encourage the creation of new child care spaces."
