Attachment	Size
 Results from the 2016 Census- Work activity of families with children in Canada.pdf ^[4]	693.33 KB
 The Daily-Work activity of families with children in Canada, 2005 to 2015.pdf ^[5]	132.72 KB

Statistics Canada presents the first of a series intended to shed light on a range of social and economic issues across the country based on analysis of the 2016 Census results. Labour force participation among couple parents of young children is highlighted as being comparatively less than other couples, among other findings.
