EXCERPTS

What does a PC majority government mean for early childhood educators and staff in Ontario?

With a PC majority we will continue building an ECE led movement across Ontario. We are going to work harder, work smarter and organize more ECEs to build power for change. The Association of Early Childhood Educators Ontario will continue building a strong collective voice for all early childhood educators, who are the heart of our communities.

With more than 55,000 registered early childhood educators in Ontario, we can make a difference when we come together. Please, join or renew your membership with the Association of Early Childhood Educators Ontario so that we can continue our important work of supporting all ECEs in the province.

As we move forward don't let anyone tell you that what we do is not valuable or important, that care is not education, that we can't afford to invest in our children or that early childhood educators don't deserve better wages and greater professional recognition.

As we continue to build ECE Power please check out our Campaign Toolkit - we plan to keep our toolkit current with new resources for ECEs who want to get involved.
