## Details

### Conference Description

The Early Years Conference 2020 continues to lead the field of professional development in early childhood development, early childhood intervention, and family support. Join us as we explore the complex factors impacting children's development and highlight many of the considerations and practices in our work with young children and their families. This year's theme – Listen Together, Learn Together, Act Together – is a call to action. It is a reminder that families and communities are central to the healthy development of young children. When Listening Together, Learning Together and Acting Together, we can create relationships that will best optimize the well-being and resilience of children.

### Learning Objectives

During the Early Years 2020 Conference, participants can expect to:

- Explore collaborative approaches
- Consider the significance of relationships in the context of children, families and the communities they are part of
- Review the latest evidence-based research and practice related to child development, early childhood intervention, and family support
- Be inspired to Listen Together, Learn Together and Act Together in all aspects of service and support of children, their families and their communities
