

International Women's Day ^[1]

8 Mar 2020 - 12:00am

Region: International ^[2]

Details

International Women's Day 2020 campaign theme is #EachforEqual

An equal world is an enabled world.

Individually, we're all responsible for our own thoughts and actions - all day, every day.

We can actively choose to challenge stereotypes, fight bias, broaden perceptions, improve situations and celebrate women's achievements.

Collectively, each one of us can help create a gender equal world.
