Excerpted from description

We're working to modernize the current Child Care Licensing Act and Regulations that expire on January 31, 2020 to make it simpler, predictable and more reliable for Albertans.

We want to hear feedback from parents, child care providers, early childhood educators and other experts to provide input on how to improve quality and safety in child care while also cutting unnecessary red tape.

Your input will be used to help inform updates to the Child Care Licensing Act and Regulation and inform future legislative decisions to create a more streamlined and easy-to-navigate child care system.
