

Futures 2000: Early childhood educators and assistants ^[1]

Author: Human Resources Development Canada

Source: Human Resources Development Canada

Format: Report

Publication Date: 1 Sep 2001

AVAILABILITY

- Section on early childhood educators and assistants ^[2]
- Entire Job Futures 2000 suite ^[3]

Job Futures 2000 is a suite of products (from Human Resources Development Canada) for individuals for education and career planning. It provides a variety of detailed occupational profiles, including early childhood educators and assistants. It provides a "snapshot" of each occupational group, designed with graphics as well as text, and includes detailed descriptions about current labour market conditions and what may impact or change these conditions in the coming years.
