Pledge your support for affordable quality child care for all

The 2021 federal election results could either accelerate the federal government's progress in building a universal Canada-wide system of early learning and child care or bring it to a screeching halt. Child care advocates are seeking the following specific child care policy commitments from each of the main federal political parties.

- Build a publicly funded and managed Canada-wide system of universally accessible, high quality, affordable, inclusive early learning and child care
- Federal spending of \$34 billion over the next five years as set out in the 2021 federal budget
- Implement the Indigenous Early Learning and Child Care Framework Agreement
- Honour the signed child care agreements and reach similar agreements with remaining provinces and territories
- Earmark federal capital funding to support expansion of the Canada-wide child care system
- Federal legislation to strengthen and protect a Canada-wide system of early learning and child care

Sign on below to show that you want to see a universal Canada-wide system of early learning and child care.
