<sup>[2]</sup>

Today, the latest updates from the COP26, the 2021 UN Climate Change Conference in Glasgow, Scotland. Canada announced it will cap emissions from the gas and oil industries, and proposed a global minimum on carbon pricing. Will this bring Canada to net-zero emissions by 2050? In the 2nd half of the program, the difficulties with childcare in the pandemic. What is needed to create a better system?
