Contact phone: (902) 423-7114

Contact email: ^[3]

Region: Nova Scotia ^[4]

Details

Learn about a career in Early Childhood Education and upcoming diploma and certificate programs.

About this event

We'll discuss upcoming programs at NSCECE, answer questions, and guide you through the application process.

Highlights include:

Focused conversation about our ECA (Early Childhood Assistant) program that can be completed online, in the evening, over nine months.

Accelerated ECE (Early Childhood Educator) programs that allow you to earn your diploma in 12 or 16 months.

PLAR: Prior Learning Assessment & Recognition (PLAR) allows the knowledge, skills, and attitudes you have already gained through on-the-job training, formal education, and life experience to be assessed and counted as credit toward your ECE program.

We're currently accepting applications for 2022.
