Impact report 2023

...

These recent years have only reinforced the power of partnership and the importance of being able to adapt our approach to supporting our sector as challenges arise and evolve. We're proud that these strengths are evident in our projects and initiatives, and we're inspired by what our team and partners have accomplished together:

- 35 new knowledge resources and publications launched.
- More than 3,290 service providers coached, trained or otherwise supported.
- Over \$928,000 distributed to support research, innovation and quality throughout our sector.

Read the 2023 impact report.
