Excerpts

The Government of Alberta is looking for input to help shape child care in the province.

Starting January 15, 2024, parents are invited to share their thoughts on the services they expect from child-care operators through an online survey. Feedback from the survey will help inform future changes to the child-care system.

...

The province said since joining the Canada-Alberta Canada-Wide Early Learning and Child Care Agreement, child-care fees have been reduced by an average of more than 50 per cent.

...

The survey will run until February 11, 2024.
