Excerpts

The County of Wellington is setting up a new portal that will act as a one-stop shop for those seeking licensed child care.

...

The county says the service will allow users to manage multiple applications for multiple licensed programs and allow families to explore licensed child-care options. There will also be information on financial and special needs support.

...

More information on the Wellington-Guelph Child Care Application and Waitlist is available on the County of Wellington’s website.
