## About this report

The wage, benefits and pension recommendations were developed by the National Early Learning and Child Care Workforce Policy Table as part of the Educators Matter: Workforce Policy for Quality ELCC project. The recommendations focus on policies related to determining wages, health and dental benefits and pensions on both a provincial/territorial and federal level. The recommendations are designed to develop a shared consensus and vision for moving forward in these policy areas across the country, while recognizing that each jurisdiction has its unique policy context. These recommendations are the first in a series to be published by the Workforce Policy Table.
