A free copy of the new Child Care Management Guide and CD Rom (developed by the Ontario Coalition for Better Child Care) will be given to each workshop participant.

The manual is over 400 pages of the most up-to-date child care management information available.

The binder format makes it easy to use and includes preformatted policies, procedures, job descriptions, performance appraisals, registration forms and many more useful documents for use in Board manuals, staff manuals and family manuals.

With the help of the CD Rom you can easily adapt and change all the forms to suit your programs needs.
