About the OECD Thematic Review of ECEC and Germany's participation:

Invited by the participating countries, OECD expert teams evaluate each country's policy, programs and provision for children from birth to compulsory school age. Prior to the review, participating countries publish a background report describing current policy and practice, and outline the challenges that ECEC policy faces in the coming years. After the expert review, the OECD publishes a country note that notes the issues observed, and suggests solutions and recommendations for the consideration of the competent authorities.

Germany was the nineteenth country to be visited in the overall Review. Prior to the visit, a background report on ECEC policy in Germany was commissioned by the Federal Ministry for Family Affairs, Senior Citizens, Women and Youth (Bundesministerium für Familie, Senioren, Frauen und Jugend or BMFSFJ). After analysis of the background report, a review team consisting of an OECD Secretariat member and three experts with diverse analytic and policy backgrounds visited Germany from June 6th to 16th, 2004.
