## Summary:

The Administration for Children and Families (ACF) proposes to amend the Child Care and Development Fund (CCDF) regulations. This proposed rule makes changes to CCDF regulatory provisions in order to strengthen health and safety requirements for child care providers, reflect current State and local practices to improve the quality of child care, infuse new accountability for Federal tax dollars, and leverage the latest knowledge and research in the field of early care and education to better serve low-income children and families.
