## Description:

The Raising of America will reframe the way we look at early child health and development. This ambitious documentary series and multimedia initiative by the producers of UNNATURAL CAUSES: Is Inequality Making Us Sick? explores how a strong start for all our kids leads not only to better individual life course outcomes (learning, earning and physical and mental health) but also to a healthier, safer, better educated and more prosperous and equitable America.

The Raising of America includes an hour-long documentary for PBS broadcast and video release, 6 shorter 20-30 minute video episodes, an online learning center and a national public engagement campaign.

**Region:** United States <sup>[3]</sup>
