Summary:

"Together We Raise Tomorrow" is a unified agenda for children to achieve better outcomes for children now and into the future. Over the next year, we will engage across government and with communities to build on the outcomes and principles in the Social Policy Framework and move forward on the Alberta Children's Charter, the Child Poverty Reduction Strategy and the Alberta Approach to Early Childhood Development. Our goal is to bring people together to identify local solutions and supports that will fit the diversity of Alberta's children and families.
