Details

The Best Start Resource Centre Conference is an annual event for service providers working on preconception health, prenatal health, and early child development to meet, share, reflect, network and be inspired!

The annual conference attracts over 300 participants each year. In addition to offering excellent peer sharing opportunities, the conference allows service providers and policy makers to increase their knowledge and learn innovative strategies and programs relevant to their work.

The annual conference will focus on strategies and solutions - from policy to practice. More specifically, the conference will showcase examples of the best and promising practice across Ontario and across multiple settings related to family, maternal, newborn and child health.

You will find sessions relevant to your work and areas of interest. You will acquire the latest information, learn innovative strategies and programs and meet new colleagues.
