Get inspired!

Listen and respond to the rousing positive message of the keynote speakers and other talented presenters.

Help put child care back on the public agenda

Generate new ideas to make early childhood education and care a priority for government and citizens. We will meet in large and small sessions to discuss the critical issues of the day.

Connect with others

Get to know people who are connected to child care in many different ways-those who've been at it for a long time and younger people who will carry the torch into the future.

Conference participants will come from all parts of Canada and from outside our borders.

Come one, come all

Early childhood educators, social justice advocates, academics and researchers, policymakers, parents, grandparents-all who want the very best possible early childhood system for Canada.
