CRRU has written a response to Ontario's proposals to amend Regulation 262 under the Day Nurseries Act. We submitted our response to the Ontario government via the Ontario regulation registry's online submission form.

## Summary of CRRU's recommendations:

1. **Rethink:** We urge the Ontario government to set aside the proposed regulation changes and rethink them within a broader, more comprehensive approach to policy.
2. **Engage in policy development:** We urge the Ontario government to engage in a robust, holistic, evidence-based, participatory policy development and consultation process on child care and ECEC policy including changes to regulations.
3. **Fund:** Recognizing that child care continues to be severely underfunded in Ontario, we urge the Ontario government to allocate \$300 million (new money) for child care in the coming provincial budget.
