Details

Description:

Have you heard of the national child care policy conference Child Care 2020: From Vision to Action? The conference is taking place in Winnipeg on November 13 -15, 2014. This conference is an opportunity not to be missed, and we want to come together and help each other get to Winnipeg to represent our field and our communities!

Following our comrades in Ottawa, we are organizing a walk-a-thon as a way for centres or individuals to raise funds to be able to attend or to send a frontline staff, a centre director, a board member or a parent to Child Care 2020 in Winnipeg.

It is so important that service providers, early childhood educators and child care staff attend this conference. Your experiences and perspectives are crucial for building the child care movement and moving child care forward in Canada. But we know that it is expensive and it is difficult to afford when centre budgets are tight and resources are limited.
