

Diversity or disparity? Early childhood education and care in Canada ^[1]

Author: ECEC Community Indicators Project (Campaign 2000)

Source: Campaign 2000 ^[2]

Format: Report

Publication Date: 23 Oct 2002

AVAILABILITY

Available in print for order (see SOURCE) and online for download.

- Full report available in English and French for download in pdf ^[3]

- Full report in English available online as web pages ^[4]

This report is the first from the Community Indicators Project. It examines early childhood education and care in four provinces - British Columbia, Saskatchewan, Ontario and Newfoundland. It examines service availability, affordability and quality, and touches on the effectiveness of the related public policy.

The study finds that whatever the indicator - availability of spaces, affordable fees for parents, helping low income families or meeting quality standards - Canadian child care services receive a failing grade.
