Emergency child care for essential workers

Some provinces and territories are providing emergency child care services for essential workers.

The information below is compiled of news articles and government releases regarding eligibility and application procedures.

We have also compiled a list of the health and safety guidelines for emergency child care centres [1] across Canada.

COVID-19: Manitoba implementing $27.6-million plan to support child care for essential workers [19]
Government of Manitoba, 20 March 2020

Government of Saskatchewan, 20 March 2020

COVID-19: UK: Parents with these jobs can continue to send their children to school [21]
SkyNews, 20 March 2020

COVID-19: Emergency school based daycare services [22]
Health and safety guidelines for emergency child care

This section provides the health and safety guidelines/protocols for emergency child care operating across Canada during the COVID-19 pandemic.

Please note: Health and safety guidelines/protocols for emergency child care centres are currently not being updated. Some of these links may no longer be active.

In addition to the CRRU chart, see the Canadian Child Care Federation drop-box, for more health and safety guidelines and protocol documents for ELCC programs/providers.
