

# Campaign 2000 reports

Through their publications and advocacy, Campaign 2000 <sup>[1]</sup> has always placed a great emphasis on universal child care as a key part of a poverty reduction strategy for children and their families. Many of their publications include discussion of child care and the need for a national child care plan to address child poverty in Canada.

## Report Cards

Revisiting family security in insecure times. 2011 report card on child and family poverty in Canada <sup>[2]</sup>

- Previous national report cards <sup>[3]</sup> (2000-2010)
