6.0 Health

6.7 Nutrition

Menus

All child day care facilities must prepare meals and snacks in accordance with Canada's Food Guide to Healthy Eating, respecting the four (4) basic food groups and the recommended serving sizes for the age group being served.

Where milk and juice are served, the milk must be undiluted and the juice must be one hundred per cent (100%) pure fruit juice. Water may be served at meals and snacks providing the requirements of Canada's Food Guide to Healthy Eating are met throughout the day.

Drinking water must be available to children at all times either through independent access or requests through staff.

Children's allergy information must be posted in the food preparation area.

All day care centre menus must:

- be prepared four (4) weeks in advance and posted at the beginning of each week in a location that is conspicuous to staff and parents
- be amended or varied to provide for children with special nutritional requirements
- be amended to reflect any changes in the food actually served, as changes occur
- ensure that no additives or fillers are added to stretch or colour food

All community day care homes menus must be provided to parents every two (2) weeks.

Meals/snacks provided by parent(s)/guardian(s) must:

- be labelled with the child's name, the date, and the type of food
- be properly refrigerated, as required

Infants

Infants under 12 months of age must:

- be fed on demand and in accordance with written instructions from the parent regarding the amount, type and scheduling of feedings
- be held during bottle feeding

Both the propping of bottles, in cribs, playpens or infants seats, and the carrying of bottles by young children are prohibited.

Where there is more than one bottle-fed infant, all bottles must:

- be labelled with the child's name
- only be used for the intended child
- stored with covers on each bottle

Servings

Children who are in attendance at a child day care facility for:

- less than three (3) hours, must be served one (1) snack which must provide one (1) serving each from two (2) or more of the basic four (4) food groups
- at least three but less than six hours (3-6) hours, must be served one (1) snack which must provide one (1) serving each from two (2) or more of the basic four (4) food groups and one (1) meal which must provide one (1) serving from each of the four (4) food groups
- at least six but less than ten hours (6-10) hours, must be served two (2) snacks and one (1) meal which must provide: for each snack, one (1) serving each from two (2) or more of the basic four (4) food groups; and for the meal, one service from each of the four (4) food groups; and in total include at least two (2) servings from the Milk Products food group.

Nutrition

48 (1) A licensee must

(a) ensure that each child has healthy food and drink according to the Canada's Food Guide, and

(b) promote healthy eating and nutritional habits.

(2) If a child's record includes, or the child has a care plan that includes, instructions respecting food and drink for the child,

(a) the requirements of subsection (1) (a) do not apply to the extent that they are inconsistent with those instructions, and

(b) the licensee must comply with those instructions.

(3) A licensee must ensure that the food and drink given to a child is sufficient in quantity and quality to meet the developmental needs of the child, having regard to

(a) the child's age,

(b) the number of hours the child is under the care of the licensee, and

(c) the child's food preferences and cultural background.

(4) A licensee must ensure that children are not

(a) fed by means of a propped bottle,

(b) forced to consume any food or drink, or

(c) left unsupervised while consuming food or drink.

(5) A licensee must ensure that safe drinking water is available to children.

(6) A licensee must make available to parents information on the food and drink given to children.

(7) A licensee must ensure that food and drink are not used as a form of reward or punishment for children.

Menu planning and food services

69 (1) A licensee must ensure that menu planning takes account of all of the following:

(a) the needs of the persons in care, including their ages, levels of activity, the requirements of any therapeutic diets, and any matters that may affect the ability of persons in care to consume, or safely consume, food and drink;

(b) the food preferences and cultural backgrounds of the persons in care;

(c) seasonal variations in food, and diversity of food texture and colour.

(2) A licensee must ensure that persons in care are provided with snacks in addition to meals, as necessary to meet the needs of the persons in care.

(3) A licensee must ensure that persons in care who are absent from the community care facility will be provided with meals and snacks as necessary to meet the needs of the persons in care.

(4) A licensee must ensure that persons in care are given sufficient time in which to comfortably consume meals and snacks
