## OVERVIEW

Responsibility for regulated child care was transferred to the Department of Education and Early Childhood Development (Early Years Branch) in 2013. Child care is delivered in non-profit and for-profit child care facilities. There is no publicly operated child care.

Nova Scotia has had full school-day kindergarten (Grade Primary) for all five year olds for a number of years. Full-day Grade Primary, like early elementary, is a shorter day than later elementary, covering a minimum of four hours a day.

In 2013 -14, four Early Years Centres opened in Nova Scotia and four more were planned for 2015. The centres are located in or near schools. At a minimum, each must offer three core components: family supports, regulated child care and an early learning program for four year olds in the year prior to entering school. Early Years Centres are partnerships with community organizations.

The Department of Education and Early Childhood Development is developing an Early Years Framework. In 2015, a review of licensed child care in Nova Scotia was conducted and amendments to the Day Care Regulations were made regarding criminal record and child abuse registry checks, including expanding the criminal record check to include a Vulnerable Sector Check and to clarify existing provisions in a number of areas (e.g., programming, building and space requirements, types of incident and proper response procedures, training requirements for staff).

##### **Family resource programs**

Family Resource Programs provide community-based programs and services intended to support the healthy development and well-being of children and youth by strengthening and empowering families and communities. Programs and services delivered to children and their families focus on parent education and learning, family support, youth development and early learning and literacy. There are 25 programs in the province.

##### **Before- and after-school programs**

School board-operated before- and after-school programs are not required to be licensed. These programs are offered for children in grades Primary through 6 and operate with a 1:15 ratio. ### CURRICULUM FRAMEWORK

Curriculum framework is in development.

### CHILDREN WITH SPECIAL NEEDS

The Supported Child Care Grant (SCCG) assists regulated child care facilities to support delivery of inclusive early childhood environments. The intention of the SCCG is to enhance the overall inclusivity of the child care facility, rather than supports to individual children. Funding can be used for specialised training and professional development for early childhood educators, additional staff to enhance ratios for the delivery of a facility's inclusive program, and to purchase educational and resource materials directly related to inclusive programs. Families do not pay for the additional supports provided.

## ABORIGINAL CHILD CARE

The mandate of the Nova Scotia Tripartite Social Working committee is for Nova Scotia Mi'kmaq, the Province of Nova Scotia and the Government of Canada to work in partnership to discuss issues, develop solutions and suggest actions with respect to social development for Nova Scotia Mi'kmaq. Currently, one of the goals of this committee is to clarify policy and jurisdictional issues related to on-reserve child care.

First Nations child care centres are not provincially licensed or funded but typically follow the Mi'kmaq Child Care Guidelines. There are currently 12 First Nations child care centres with a total of 249 spaces.

Each Aboriginal community in Nova Scotia offers a federally funded Aboriginal Head Start program. There are 13 programs in total.

## FUNDING

### CHILD CARE SERVICES ELIGIBLE FOR FUNDING

Funding is available to all licensed centres, both full-day and part-day and regulated family child care agencies. Both non-profit and for-profit facilities can apply for grants and/or funding.

### TYPES OF FUNDING

#### **Fee subsidies**

Nova Scotia's Child Care Subsidy Program is intended to assist eligible families with the cost of licensed child care facilities or regulated family day care. Subsidies are provided directly to the child care facility or family home day care agency on behalf of the parent. The subsidy is portable and moves with the child.

Subsidies are available to all families that meet the required income, financial and social criteria. Subsidy per diem rates (see table below) do not cover full fees; a family eligible for subsidy is required to pay any centre fees that are above the approved government subsidy per diem. Subsidy per diems were revised in 2009.

<i>Age group</i>	<i>Per diem rate</i>
Infants	\$22.00
Toddlers	20.00
Preschool	19.00
School-age	17.70

### One time funding

#### *Family Home Day Care Start Up Grant (one-time)*

If a new agency is approved for funding, they will receive a Family Home Day Care Start up Grant to offset expenses directly related to the startup costs for the agency.

The Start-Up Grant will provide a one-time fixed amount to be used by the agency to pay for advertising, equipment, and legal fees incurred to set up the agency.

### Recurring funding

#### *Early Childhood Enhancement Grants (ECEG)*

The ECEG is intended to enhance the salary and benefits of early childhood staff who work directly with children in licensed child care centre facilities. All licensed child care facilities (full-time/part-time, for-profit/non-profit) are eligible to apply for the ECEG.

As per the ECEG Terms and Conditions, the grant is to be used as follows:

- 5% Professional growth for educators

#### *Family Home Daycare Operating Grant*

The Family Home Day Care Operating Grant is an annual grant intended to support the agency in meeting the costs of salary and benefits to agency staff, transportation, education, program material, and fixed costs. Fixed costs include rent and utilities, insurance, phone, equipment, advertising and administration costs.
